### CRESCO Objectives

CRESCO aims to cultivate and produce huge quantitative of Algae for Aquaculture Industry for use as Feed and Nutrition agent. It aims for Mass production of Spirulina and value added products with an initial Target of 1Ton per month. Gradually it aims to develop large scale Algae ponds and be one of the largest producer of Spirulina – both for domestic consumption and also for International exports.

### CRESCO and MICROALGAE Production

Cresco aims to produce large quantities of Algae and Microalgae. This would encompass production of economically important algal species like *Spirulina sp*, *Chlorella sp*, *Dunaliella sp*, *Hematococcus sp*, *Nanochloropsis sp*, *Diatoms*, etc. These are highly useful in the Aquaculture industry as Fish Nutrition.

# FAITT INVENTORS-INVESTORS SUMMIT 2026 (FIIS 26)

*Bridging Aquaculture Research, Technology and Investment Opportunities*

12 & 13 February 2026  
9.30AM to 4.30PM

International Research Centre,  
Sathyabama Institute of Science and  
Technology, Rajiv Gandhi Salai,  
Chennai- 119.

## Why FIIS 26 Matters?

The Blue Economy is vital for food security, climate resilience, and economic growth, and FIIS 26 serves as a key platform for innovation, collaboration, and investment to unlock its full potential.

## Key Objectives:

- Integrate research, technology, and investment in aquaculture.
- Strengthen academia-industry collaboration.
- Support young innovators and startups.
- Promote sustainable aquaculture investment.

## Who Can Participate?

Students & Researchers

Faculties & Scientists

Technology Developers &  
Start-ups

Industrialist & Aquaculture  
Professional

Entrepreneurs

# FAITT Inventors - Investors Summit (FIIS 2026)

'Bridging Aquaculture Research, Technology and Investment Opportunities'

Jointly organized by

Foundation for Aquaculture Innovations and Technology Transfer (FAITT), Chennai

&

Centre for Climate Change Studies (CCCS) & Sathyabama Innovation Council (SIC),

Sathyabama Institute of Science and Technology (SIST), Chennai

## About the program:

- The FAITT Inventors-Investors Summit 2026 (FIIS 26), themed 'Bridging Aqua Research, Technology, and Investment Opportunities', is co-organized with Centre for Climate Change Studies (CCCS), Sathyabama Institute of Science and Technology (SIST), Chennai. Sathyabama Innovation Council (SIC) serves as a knowledge partner for entrepreneurship and start-ups.
- This landmark event unites students, researchers, investors, industrialists, and young entrepreneurs to converge scientific discovery, technological advancements—like advanced aquaculture systems, biosecure farming, climate-resilient models, and eco-friendly feeds—with investment in the Blue Economy.
- FIIS 26 empowers next-gen innovators by providing a platform to pitch ideas, prototypes, and business concepts directly to investors, bridging lab insights to scalable ventures, with Sathyabama Innovation Council (SIC) accelerating proof-of-concepts.

## Call for Proof of Concept & Prototype

Students, researchers, innovators, faculties, scientists and technicians are invited to submit their Proof of Concept or Prototype Model (as extended abstract in the given template) on any concept related Aquaculture, Marine Biotechnology, Fisheries, Pond Management, Water Management, Bioremediation, Environmental Biology, Soil Management, etc. in the given registration link.

## Payment details:

Name: Foundation for Aquaculture Innovations and Technology Transfer (FAITT)
